ABBYY Packer Image in FICDS Infrastructure

Get latest code from GIT : https://github.intuit.com/CTO-FDS-AppOps/fds_aws_cloudformation.git

$ cd /fds_aws_cloudformation/ficds2

To login to packer node

$ make loginabbyypacker

Login to root user

$ sudo -i

Navigate to folder

$ cd /usr/local/build_ami/

Update the latest build number & release name in build_ami.sh

Execute below command to build the AMI.

./build_ami.sh <BASE AMI ID>

Example : ./build_ami.sh ami-0427fcb0c3a624019*** Get Base Windows 2016 ami (us-west-2 region) id from https://oipcatalog.intuit.com/amis Verify the logs and progress

$ tail -100f /usr/local/build_ami/build_ami.log

DR instance creation

```
cd /fds_aws_cloudformation/ficds2-dr
make appsg-abbyypacker [ Creates sg,instance profile etc..]
make abbyypacker.      [ Creates complete stack ec2,ebs etc..]
make loginabbyypacker  [ Login to ec2]
```
